2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mission

Together with families and communities, KIPP Stockton University Park K-8 creates joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose—college, career and beyond—so they can lead fulfilling lives and create a more just world.

We know that we can't succeed without an active and explicit commitment to diversity, equity and inclusion.

Vision

KIPP University Park Middle School is an inclusive public school grounded in the strengths & lived experiences of our students, their families, our staff, and our community members. We center the power of data driven, culturally responsive teaching practice, in addition to partnership with families as the keys to disrupting educational inequity. Our school implements a multi-tiered system of supports that meets students where they are, and that highlights our belief that all children have the right to an academically excellent, joyful, anti-racist, and identity affirming education that ultimately leads to an independent, fulfilling adulthood.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

KIPP actively seeks out the experiences and needs of our families, staff members and community. KIPP has held both in-person and virtual opportunities for families to engage, including KIPP Family Association (KFA) meetings, School Site Council (SSC), English Learner Advisory Committee (ELAC), Coffee with the Principal, LCAP meetings, teacher conferences and social family events. Notices for these engagement opportunities were sent through multiple formats and languages, including text, email, mail, automated phone calls and through KIPP's regional support line messaging. All students and families have access

2022-23 Opportunities for Parental Involvement

to their teacher's KIPP cell phone numbers to discuss classwork, homework or other academic needs. Family and student surveys are administered regularly in order to make sure that responses inform real action and improvement. And most importantly, thousands of personal conversations, between parents, teachers, students, school leaders, community members and KIPP's Advocacy team have been taking place throughout the school year. Parents, guardians, students and community members that wish to engage further with the school should review the schools website for meeting details, and should contact the main office if they have any questions or would like to request specific accommodations in order to participate.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

KIPP has a comprehensive safety plan that is updated annually and distributed to families. KIPP staff, students and families reviewed the CSSP in the fall of 2021 as the school opened for in-person learning. The overview can be found on the KIPP Response to COVID website: <https://kipppnorcal.org/covid19/prevention/> and the full plan can be viewed/downloaded here: <https://kipppnorcal.org/wp-content/uploads/2021/09/SY22-COVID-19-Prevention-Plan-.pdf>

The plan includes the following elements:

- COVID health and safety procedures
- Fire safety and evacuation procedures
- Earthquake safety and evacuation procedures
- On-campus threat and evacuation procedures
- Emergency coding system
- Staff responsibilities

2021-22 Types of Services Funded

More time on task is central to the success of KIPP students. KIPP supplements the regular day with instruction before 9 am and after 3 pm several days a week, as well as during the summer and on Saturdays when necessary. Supplemental instruction may also be offered for several weeks outside of the regular school year calendar. As part of the Commitment to Excellence, families agree to participate in all supplemental instruction opportunities provided to their child, and are notified regularly as to the nature of their child's extended day program (remediation, enrichment activities, homework club, etc.). Despite the long day, we have found that KIPP students enthusiastically attend school each day.

2020-21 Teacher and Administrative Salaries

Professional Development

At KIPP, the School Leader sets the tone and develop the conditions under which staff members become the keepers of the school's culture and values. As a result, staff development supports the school's mission and basic values by fostering a positive campus culture, sharing the best instructional practices, and encouraging individual teacher growth.

Beginning in staff orientation before school begins, the School Leader ensures that teachers fully understand and support the school's mission, goals, and basic values, emphasizing a rigorous, standards-based college preparatory program. This orientation involves specific activities designed to align the staff and foster teamwork and constant learning while allowing staff to understand the detailed intricacies of the school culture. As part of the learning and team-building process, staff visits a local KIPP school and/or founding KIPP School. The orientation is aligned with the school's goals and objectives and includes workshops around data-driven instruction, backwards planning model, and building positive relationships with students. In addition, staff is trained in various teaching strategies to ensure that all students are provided with multiple avenues to access the curriculum.

During the school year, staff development continues through planned professional development days, weekly staff meetings, and department and grade-level team meetings. KIPP teachers participate in two weeks of inservice during which they are trained to function effectively within the parameters of the school and to meet the goals outlined in the accountability agreement. Teachers observe each other and other excellent teachers in the community, and receive regular feedback on their performance, goals, and growth from the School Leader. Teachers consistently exchange best practices with each other and teachers at similar schools.

KIPP teachers receive ongoing observation, coaching, and support from the Assistant Principal to improve outcomes for students, with a focus on students identified as needing additional interventions. This development and coaching are customized, supporting both the students and the teachers' growth and development.

This table displays the number of school days dedicated to staff development and continuous improvement.
